Dr. Norzami obtained his B.Sc., MSc and PhD in Chemical Engineering from the University of Rhode Island.

Kenneth Teh Chong Leng
CEO
Dareco Origin

It was his tenure as a team leader for an American multinational that set the stage for Kenneth’s current career path. Mainly focused on servicing the financial sector, Kenneth worked on some of the most sophisticated enterprise disaster recovery and business continuity systems in the world. He had salvaged data and got systems online as quickly as possible for high profile clients around the world.

Thriving in such a high-octane environment, he garnered a deep sense of satisfaction from helping others restore their systems and recover lost data. He knew how pervasive data loss as a problem is, and he took it as his personal mission to help institutions and individuals alike retrieve their data.

Hard work and persistence paid off as Dareco reported having served more than 1200 customers and some of the biggest enterprises in Malaysia in 2011

Roy Ng Chin Kong
Founder
iSentric

Roy holds a Bachelor Engineer (1st Class) Electrical and Electronics Engineering, from Imperial College London and MBA from Nottingham University
